3 EVALUATION OF LEARNING AND PROVINCIAL REPORT CARD		
3.1 Provincial Report Card		
<p>All schools in Québec have been using a standardized provincial report card since July 1, 2011.</p> <p>Specific formats are provided for the student report card for preschool, elementary and secondary education, respectively. The report cards must include the information set out in the BSR.</p> <p>Gradual-implementation procedures with regard to the rules for the evaluation of learning for certain subjects will continue for the 2015-2016 school year.</p>	<p>In section 1 of the provincial report card, the information requested regarding the student's name can also consist of that student's bar code as well as the name of his or her homeroom teacher or tutor, and the information regarding the student's class can also include the identification number of his or her group.</p> <p>The provincial report card is issued for each of the three terms. For each term, the report card must contain a subject mark for each subject taught and the group average for the subject.</p> <p>This provision may continue to be implemented gradually for the 2015-2016 school year, with the result that, for certain subjects, a subject mark and group average may not appear on the report card for Term 1 or Term 2. This may be the case when not enough evaluations have taken place during either of these terms. The subjects to which this may apply are listed below.</p>	<p>EA, s. 459</p>

PROVISIONS	ADDITIONAL INFORMATION	REFERENCES
	<p>At the elementary school level :</p> <ul style="list-style-type: none"> ○ Ethics and Religious Culture ○ Second language ○ Physical Education and Health ○ Arts Education : Drama, Visual Arts, Dance and Music <p>At the secondary school level :</p> <ul style="list-style-type: none"> ○ Subjects in Secondary I, II and III for which the number of hours of instruction set out in the BSR is 100 or less <p>The following procedures must be followed :</p> <ul style="list-style-type: none"> ○ The gradual-implementation procedures apply to the report card for Term 1 or Term 2, in accordance with the evaluation standards and procedures established by the school. ○ When the subject mark and group average for these subjects do not appear on the report card for one term, the final mark that appears on the final report card must be out of 100. <p>Term 3, with a weighting of 60 per cent, mainly involves marks from evaluations that the teacher has carried out since the end of Term 2. Where applicable, the evaluations at the end of the school year that cover the entire year's work for that subject may be included, as well as the compulsory examinations set by the school or school board.</p> <p>Furthermore, section 3 of the provincial report card must include, for Terms 1 and 3, comments on two of the following four competencies : exercises critical judgment, organizes his or her work, communicates effectively, and works in a team.</p>	

PROVISIONS	ADDITIONAL INFORMATION	REFERENCES
	<p>However, for the 2015-2016 school year, gradual-implementation procedures, which are still in effect, allow for the possibility of commenting on only one of the four competencies in the term considered to be the most appropriate.</p>	
<p>3.2 Issuing of the Report Card</p>		
<p>The BSR states that the report cards must be provided at the end of each term, no later than November 20, March 15 and July 10.</p>	<p>In accordance with the prescribed deadlines, the schools determine the dates on which the report cards will be issued. However, when providing student results for the purpose of college applications, it is recommended that the schools provide the results for the first two report cards within the deadlines set by the colleges themselves, to allow students to present results that are as complete and recent as possible.</p>	<p>BSR, s. 29.1</p>
<p>3.3 Possible Exemption From the Provisions Relating to Results in the Provincial Report Card</p>		
<p>The BSR states that, “A school board may, to the extent and on the conditions determined by the Minister, exempt handicapped students or students with social maladjustments or learning disabilities and students receiving welcoming services and support in learning French from the application of the provisions relating to results in this basic school regulation.”</p> <p>The school board may exempt students described in sections 3.3.1, 3.3.2 and 3.3.3 from the application of the provisions relating to results in section 2 of the report card prescribed by the BSR.</p>		<p>BSR, ss. 30.1, 30.2, 30.3 and 30.4</p>

This distinct course code signifies that the requirements of the program of study have been modified for this student. In addition, information must be indicated in the Comments area of the report card regarding the modified requirements, as stated in the student's individualized education plan. ○ In December 2014, the Ministère published a document to facilitate decision making, in particular regarding the modification of anticipated outcomes in connection with QEP requirements.
